Additional information about drug coverage

If you are enrolled in an MAPD plan, supplies for injecting insulin are covered under your drug plan. We exclusively cover blood glucose meters (BGMs) and pharmacy diabetic supplies manufactured and distributed by Accu-Chek/Roche and TRUE/Trividia for a $0 cost share at network pharmacies. Medical diabetic supplies are covered under your health plan and available through a network pharmacy or durable medical equipment (DME) provider. We cover all continuous glucose monitors (CGMs) at all DME providers, but we exclusively cover Dexcom and Freestyle Libre at network pharmacies.

We established a transition policy for prescription drugs that you may be taking and that aren't on our formulary or drug list.
Learn more about our prescription drug transition program.

If you're a member, you can request a coverage determination or an exception if a drug has a prior authorization, quantity limit, step therapy requirement, or if the drug is not covered on our formulary or drug list. To learn more about coverage determinations and exceptions, review the Coverage Decisions page of our website.

Not an Aetna® member yet? You can call the number listed at the top of the page to get answers to your questions about obtaining exceptions to quantity limits, step therapy and prior authorization requirements, or getting coverage for drugs that do not appear on our formulary (drug list).
